Cutting-edge Ingredients

Burn is small but mighty. Each capsule holds the best ingredients out there to help you reach your goals.

Synetrim® CQ Extract: reduces the absorption of dietary fat and starch to support weight loss and improve metabolic health.

Greenselect® Phytosome Green Tea Extract: a caffeine-free, antioxidant that supports weight loss by increasing thermogenesis (fat oxidation).

Careless™ Mango Extract: supports metabolic and cardiovascular health, improves energy, muscle strength and reduces inflammation.

Garcinia Cambogia Extract from Hydroxycitric Acid: ignites an active metabolism while promoting healthy weight loss through appetite control and reduced caloric intake.

For best results, try it in combination with Active and Purify.

One of the things that I absolutely love about Burn is that it ups my metabolism and gives me a boost of energy for my daily workouts.
