

# the **whey** to core nutrition

deliciously powerful protein to get your health up to speed

**You try to eat right**, exercise regularly and maybe even take a multivitamin. Right now, you might feel pretty good. But why settle for pretty good when you can feel great? Reliv Now® with Whey is the answer.

Discovering your best health shouldn't require mixing and matching bottles of vitamins. Reliv Now is nutrition made simple. It's part of something we call the *Reliv Difference*:

**Bioavailability.** Your body needs to be able to absorb nutrients, which is why Reliv uses only high-quality nutrients that are available for rapid absorption when dissolved in a Reliv shake. Plus, you're getting a higher percentage of the nutrients available for absorption in every Reliv shake.

**Synergism.** The ideal combination of ingredients in a science-based formula brings out the full potential in all nutrients.

**Optimal Nutrition.** Optimizing key nutrient levels beyond minimum daily requirements leads to greater health benefits and an improved quality of life.

**Guaranteed Quality Ingredients.** Sourced from the industry's top suppliers and rigorous testing mean what's on the label is in the can — guaranteed.

## Get More

Reliv Now with **Whey** goes beyond a standard multivitamin pill, giving you more of **everything** your body needs.

**Vitamins & Minerals:** contains more vitamins and minerals than leading multivitamin pills, in an easily absorbable liquid form. You get double the amount of Vitamins B and E, and as much as eight times the Vitamin C. In addition, Reliv Now with Whey delivers higher levels of essential minerals such as copper, zinc and calcium.

**Antioxidants:** provides many antioxidants not found in popular vitamin brands, including patented **Pycnogenol®** — one of the most cutting-edge ingredients available today. More than 170 studies have demonstrated Pycnogenol's ability to fight free radical damage, improve blood circulation and lower blood glucose, among other benefits.

**Protein:** packs a powerful protein punch. Doctors recommend 50-60 grams of protein daily, but most multivitamins contain none. Reliv Now with Whey gives you 7 grams per serving of the highest-quality, muscle-building, whey-based protein available.
