2020 ANNUAL REPORT

# Our Mission

To “Nourish Our World” by providing nutritional supplements to needy individuals and organizations throughout the world.

## Nourish

In 2020, Nearly 25,000 children in schools, orphanages, and communities around the world were provided amazing Reliv nutrition thanks to YOU, our donors.

It all starts with a shake, which turns into hope for a healthy life and a better future.

## Over 3.2 Million

Shakes served throughout the year.

## Nearly 25,000 children

benefited from the generosity of our donors.

## 8 Countries

US, Canada, Great Britain, France, Germany, Australia, Haiti, & Philippines

## 700 Volunteers

who are mothers, fathers, pastors, and teachers — carry out our mission each day.

# Message from the Chairman

I want to personally thank all of the passionate Reliv Kalogris Foundation Donors who gave in 2020! Together, we are making a positive difference in the lives of so many people!

This Annual Report highlights the people and places in our nutrition programs. It will also give you an update on the current financial status of the Foundation, emphasizing that donor contributions directly dictate the size of our programs and the ability of the RKF to continue our work around the world.

Continue to support the Foundation and we can continue to support the children. Thank you for another memorable year.

Temporary assistance is provided to Reliv consumers who fall on physical or financial hardships. Requests are made by distributors and temporary assistance is offered for 3 months.

**Distributors** play a huge role in our US programs. They help identify people within their business or community who could use a helping hand through a rough time.

## Ongoing Programs

Ongoing US Programs are spread throughout the US in **California, Massachusetts, Michigan, Nebraska, and Oklahoma** and consist of medical clinics, Alzheimer patients, ALS patients and religious orders.

**This year, the Reliv Kalogris Foundation is celebrating 25 years of changing lives around the world! Here are a few of the changes your donations have made:**

**Rodlin** was born to a 14-year-old mother. He came to us with sores and edema due to malnutrition. After one month, he made significant improvement. 12 years later, Rodlin is healthy and has a bright future.

**Gerson** is from Welfareville, PH. At 10 months old, he was sickly and often fainted. He was in critical condition when his parents asked for prayers from their pastor. The pastor left a can of Reliv Now® for Kids, and he became an RKF kid. 15 years later, Gerson is in 10th grade, and an honor student, basketball player, and enthusiastic volunteer making shakes in the Welfareville program.

**Ana** has faced many medical challenges. Her prognosis was grim due to the severe side effects of her treatments. The directors of our Oklahoma City RKF program knew she would be an excellent candidate to receive nutrition. Within 2 weeks, Ana saw significant improvement and a greater quality of life. Her family has seen excellent health results as well.

**We look forward to the next 25 years,  
and thank you for your support!**

# A Worldwide Pandemic...

The year 2020 is like no other. For the first time since 2001, the RKF nutrition program ceased to operate in most, if not all sites because of stay-at-home orders brought by the Covid-19 pandemic." As weeks turned into months, a few of our coordinators were able to get front liner ID's, which enabled them to distribute product in limited areas and check on the children. Later, as restrictions relaxed, volunteers headed back into their regions. We thank our dedicated volunteers who were so willing to get shakes back into the hands of those who need it.

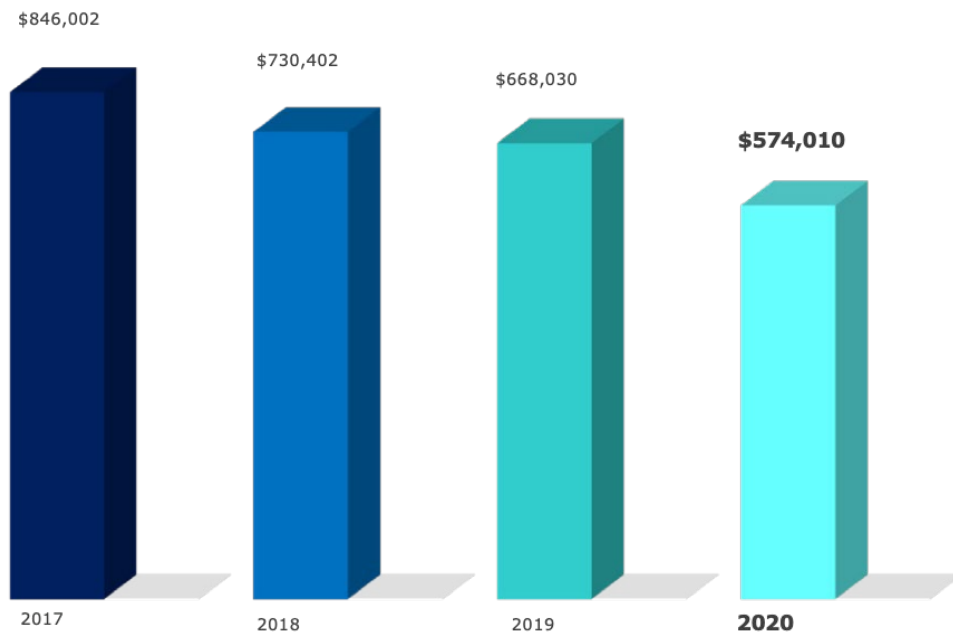

***Blessie Padilla, PH Area Coordinator***

Haiti was affected differently by the pandemic. With no testing available, it was hard to know how devastating the spread was. Schools were closed for months. Shipments were held up in Port Au Prince until it was safe to travel. Many students lost nearly a year of school. When the schools did reopen, product was utilized as it was available. Nothing was "business as usual", even when classes resumed mid-summer.
