The past two quarters have seen fantastic growth in sales and sponsoring in Reliv Asia Pacific! Many distributors have embraced new approaches to prospecting, signed up more new people and made their businesses soar to greater heights.

I am happy that we have more new leaders who stepped up to the challenge and qualified for the 2017 Reliv Asia Pacific President's Team. We also have leaders who have been awarded the prestigious Dr. Ted Plaque and Sandy Montgomery Award. Their hard work and passion to share Reliv are inspiring examples of true leadership.

Reliv leaders make it a point to achieve business milestones, and the next one is the Leadership Camp at the sleek and opulent Conrad Hotel Manila in November. How near are you to qualifying? How many new leaders are you helping to join you in this weekend training? It's part of our role as leaders to help those who are new in the business to set goals, make a plan of action and encourage them to stay focused.

I have always believed and tried to live up to what my father, Bob Montgomery said: "If you help enough people get what they want, you'll get what you want." I have personally witnessed thousands of people achieve success that they once thought impossible, because they have led other people to help realize their dreams as well.

For the next three months, this is my challenge to you: sit down with your new leaders and help them set short-term and long-term goals for their Reliv business, then start working on their targets: using ICSAR, setting appointments, making presentations and helping their prospects to make a positive decision to try Reliv. I guarantee you, success will soon be within your reach!

Reliv cheers,

Scott Montgomery
President of Reliv Asia Pacific

RELIV MESSAGE

Bernie Birch

Reliv Asia Pacific, Sales Manager

Along with the excellent Reliv business opportunity, the main focus in this edition of the Reliv Philippines Lifestyle magazine is the incredible results children from all over the country are experiencing from NOW® for Kids (NFK). With this in mind, I decided I would research children overcoming obstacles and the stand-out person for me from this research is Helen Keller.

She was born in 1880 and at the age of 18 months, lost both her sight and hearing through a mysterious illness which also resulted in her being mute. Despite this, throughout her life, Helen accomplished more than most individuals. She learned to speak at nine years old (through using her hands) was the first blind/deaf person to earn a Bachelor of Arts degree. She also learned German, French and Latin as well as establishing numerous foundations.

Helen could have succumbed to her disabilities but she chose to work with what she had and to be the best she could – “Be happy with what you have, while working for what you want.” Her way was blocked on many occasions, though, by people with unintentional ignorance making her burdens more difficult.

Helen Keller reminds us that the only person we are in control of is ourselves, and it is up to us to accomplish our goals.

In the Philippines there can be many obstacles for children to realise their full potential and for parents to achieve financial independence and provide for their children. Reliv offers solutions for both of these challenges.

One of these is through high quality, optimum nutrition and the other is a Reliv business. The limited opportunities for parents to create an income from a minimal investment makes the Reliv offer hard to refuse when viewed with an open mind. The positive results that kids are experiencing from NFK and LunaRich X™ are a drawcard for many people to look at the business and decide to engage in a positive activity that can bring them financial independence.

Our job is to reach out to as many people as we can and share this great story and opportunity. There is not a single person in the Philippines who would not benefit from taking the Reliv products. Children's quality of life and parent's ability to provide for these kids are intrinsically tied together – if a parent doesn't have enough money to feed the family then they are not getting appropriate nutrition.

As a Reliv Distributor, you can help with this challenge, it simply begins by sharing yours and others' stories.

There is nothing that can stop you if you are determined to achieve success and you engage in the activities required to reach your goals – Helen Keller proved this 100 years ago when she didn't have access to technology or the knowledge that we have today.

Distractions are everywhere but they can only distract you if you allow it. If you maintain a laser focus on your objective, distractions are deflected away from you. Helen said, “Nothing can be done without hope and confidence”. We provide hope to everyone we expose to Reliv and we can have confidence because of the quality of the products and the unsurpassed opportunity for people to create an income through a Reliv business.

Look ahead and be brave, don't look back or be distracted. Overcome whatever obstacles appear in your path, be positive. In the words of Helen Keller, “Keep your face to the sun and you'll never see the shadows”.

Give your little one no less than Reliv Now for Kids. Each scoop is definitely a great boost to reach your child's full potential. Let your child's journey to a brighter future begin now!

Jessie with husband and daughter Sofia

Merlyn and daughter Destin

Top School Achievers

with **Reliv Now® for Kids**

From increased energy, stronger immune system to mental alertness, discover the difference Reliv Now for Kids has made in these children's lives.

Mylin and son Jude

Generose and son Aaron

Jessie Ann Colegado with daughter Sofia Elisha

Quezon City

My nine year old daughter Sofia started taking Reliv Now for Kids when she was three years old. Getting her on this product early has helped her grow healthier and has enhanced her mental awareness. She seldom gets sick and is full of energy as she performs her day-to-day tasks in school and extra curricular activities. I am thankful that we have invested in Reliv's optimal nutrition. Sofia has always been among the list of Gold Achievers and Meritorious Awardees in her school. Reliv really works!

Merlyn del Rosario with daughter Destin

Davao City

Reliv nutrition helped me a lot in my recovery against cancer four years ago. That's why I didn't need any encouragement from anyone to get my daughter Destin to start on Reliv products as well. I want her to enjoy great health; as well as help prepare for school challenges. She loved Reliv Now for Kids since the first time she tried it and would never leave home without finishing her shake. I am so grateful to the person who introduced me to Reliv because it has led my daughter and I to better health. With consistent product intake, my daughter has grown into an active and happy girl. Just recently, she graduated with honors. She placed 3rd in her class and bested all other pupils in writing and diction. I couldn't be more proud of my daughter! Thanks to Reliv!

Generose Uy and son Aaron

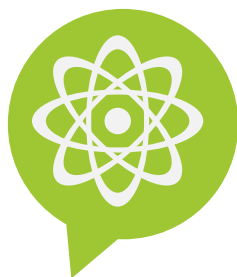

Calbayog City

My only child, Aaron, started taking Reliv Now for Kids in 2011. This soy-based nutritional supplement has been awesome for him and I couldn't be more grateful! He has high energy levels and enjoys an active lifestyle. He's into swimming, dancing and playing tennis. Despite abrupt weather changes and busy schedules, he rarely gets sick or acquires seasonal allergies. What's more remarkable is that he enjoys studying and learning in school. Just recently, Aaron's teacher reported that despite the recent implementation of Waray as the language of teaching in our son's new school, his grasp of new concepts has remained satisfactory. Reliv is our reliable partner in raising Aaron into a healthy and fine young man! We're abundantly blessed!

Mylin Felix and son Jude

Nueva Ecija

My son Jude battled breathing issues and seasonal allergies for years and could not get by without the help of a nebulizer. He had difficulty sleeping because of frequent bouts of colds, cough and shortness of breath. We were stressed because we always had to bring him to the doctor and give medicines to help him feel better. We are so grateful that someone introduced Reliv to us. Reliv's optimal nutrition helped him develop a stronger immune system. Within just a year of taking Reliv, he felt so much better than he had in years. Our four-year-old Jude has grown healthier and is able to enjoy life a better quality of life. Just recently, he graduated from kindergarten with honors. What's more, he was awarded as most active crew out of the 100 participants in McDonalds Kiddie Crew Workshop in our area. Reliv nutrition is truly a must-have for growing kids!

Leah and son Uziah

Leah Jannel Ty and son Uziah
Cebu City

I have always known that my son, Uziah performs well in school. That's why when he qualified to represent his school for the Metrobank Math Challenge for Grade 1 students, I was confident that he would deliver far more than what was expected of him. But as the lessons started to level up, he struggled with learning new concepts and always came home extremely tired and frustrated. Good thing that he started taking Reliv Now for Kids and LunaRich X capsules. Now Uziah understands the lessons well and performs outstandingly not just in math trainings but also in his day-to-day classes. During the Metrobank Math Challenge, he became the top-scorer for Grade 1 for the entire Division of Naga City and Cebu. He and his team also bagged first place in all the written and the oral exams. We are thankful for Reliv. I will never get tired of giving it to my kids!

Donnabel
and son Jared

Donnabel Cunanan and son Jared
Malabon City

I started homeschooling my son Jared when he was six years old to spend more time with him and have a hand in building his strong moral character. This year is our third year in a homeschool program and I am glad that I have Reliv nutrition to help me with this challenging journey. Jared's daily nutrition combo includes Reliv Now for Kids, LunaRich X capsules and Innergize, and these give him the energy boost and mental focus to accomplish homeschool requirements, as well as to learn taekwondo, swimming, painting, tennis and voice lessons. Because of Reliv, Jared has also enjoyed better sleep and a stronger immune system. He feels great every day, and rarely gets sick. Homeschooling is more fun and fruitful with Reliv!

it always

Is it possible to improve your family's finances and lifestyle through building a Reliv business? Find out from these real-life success stories:

Lorena Acojedo

Merida Daguman

Eric Bomban with son Elijah

Kristine Arenas

Name: Lorena Acojedo

Location: Cebu

Occupation: Full-time Reliv Distributor

In 2011, I learned about Reliv from my roommate. Her amazing health story made me decide to try it for myself and eventually introduced it to my family. Since day one with Reliv, our whole family has loved the products and enjoyed remarkable health benefits. I thought of giving the Reliv business a try but didn't push through with it due to lack of time. Fast forward to 2016, my fiancé and I were looking for an investment that we can do together. The Reliv business stood out among other options! It offers an opportunity to earn from five avenues of income, including cash bonuses and free trips. Best of all, it offers an opportunity to help people change their lives for the better!

Since October 2016, my fiancé and I have been doing the Reliv business full time applying the ICSAR process with the leverage of online marketing and the result has been overwhelming. With the growing momentum for Reliv Now for Kids and LunaRich capsules, I have been able to gain new prospects and successfully turned them to either loyal customers or Distributors. Reliv is truly a great business on the go. I can do it anytime, anywhere and the best part is that it has been able to sustain my business' monthly overhead, as well as pay my living expenses. In the seven months that I have been doing the Reliv business full time my income has been greater than what I had earned from all the jobs I had before. Because of Reliv, I have found something I love doing and I am on track to financial freedom and a happy healthy life. Reliv is indeed a business for keeps!

Name: Merida Daguman

Location: Santa Margarita, Western Samar

Occupation: Businesswoman/
Part-Time Reliv Distributor

It was early last year when my business partner talked me into venturing in a Reliv business. At first I was skeptical because I was also clueless about direct selling. On January this year I was finally convinced to give Reliv products a try. It was a smart decision because it also paved the way for us to launch a highly rewarding business. We signed up for the highest profit level on the same month and in less than two months of sharing Reliv we were able to achieve our return on investment!

Reliv products really work! By sharing about Reliv we are able to help people improve their health and acquire a more profitable income source. We are just new in this business but we know that the potential to grow our earnings and enjoy exciting lifestyle is BIG. All we have to do is focus on our monthly goals and share Reliv with passion and excitement and we're all set to SUCCEED!

Name: Eric & Ellen Bomban

Location: Bacolod City

Occupation: Media Broadcaster/
Part-Time Reliv Distributor

I learned about Reliv way back in 2013 when I saw a product-sampling booth at the Palarong Pambansa in Dumaguete City. I went there to support my youngest son who was then included in a team of table tennis varsity players representing the Western Visayas region. I also met a Reliv Distributor there who invited me to attend a Reliv meeting in Bacolod City. I decided to give the products a try in 2016. I am thankful that I did because it has helped my family lead healthier and more comfortable lifestyles.

I started doing the Reliv business during my spare time by merely sharing about my family's health results. After a few months of story sharing I was pleasantly surprised that I was earning extra income. My goal for the second half of the year is to continue sharing Reliv products with new people and developing a network of Master Affiliates to help me build a stronger foundation for my Reliv business. I foresee this business as something that I will do full-time when I retire because the products really work and offer life-changing opportunities to a lot of people.

Name: Kristine Arenas

Location: Davao City

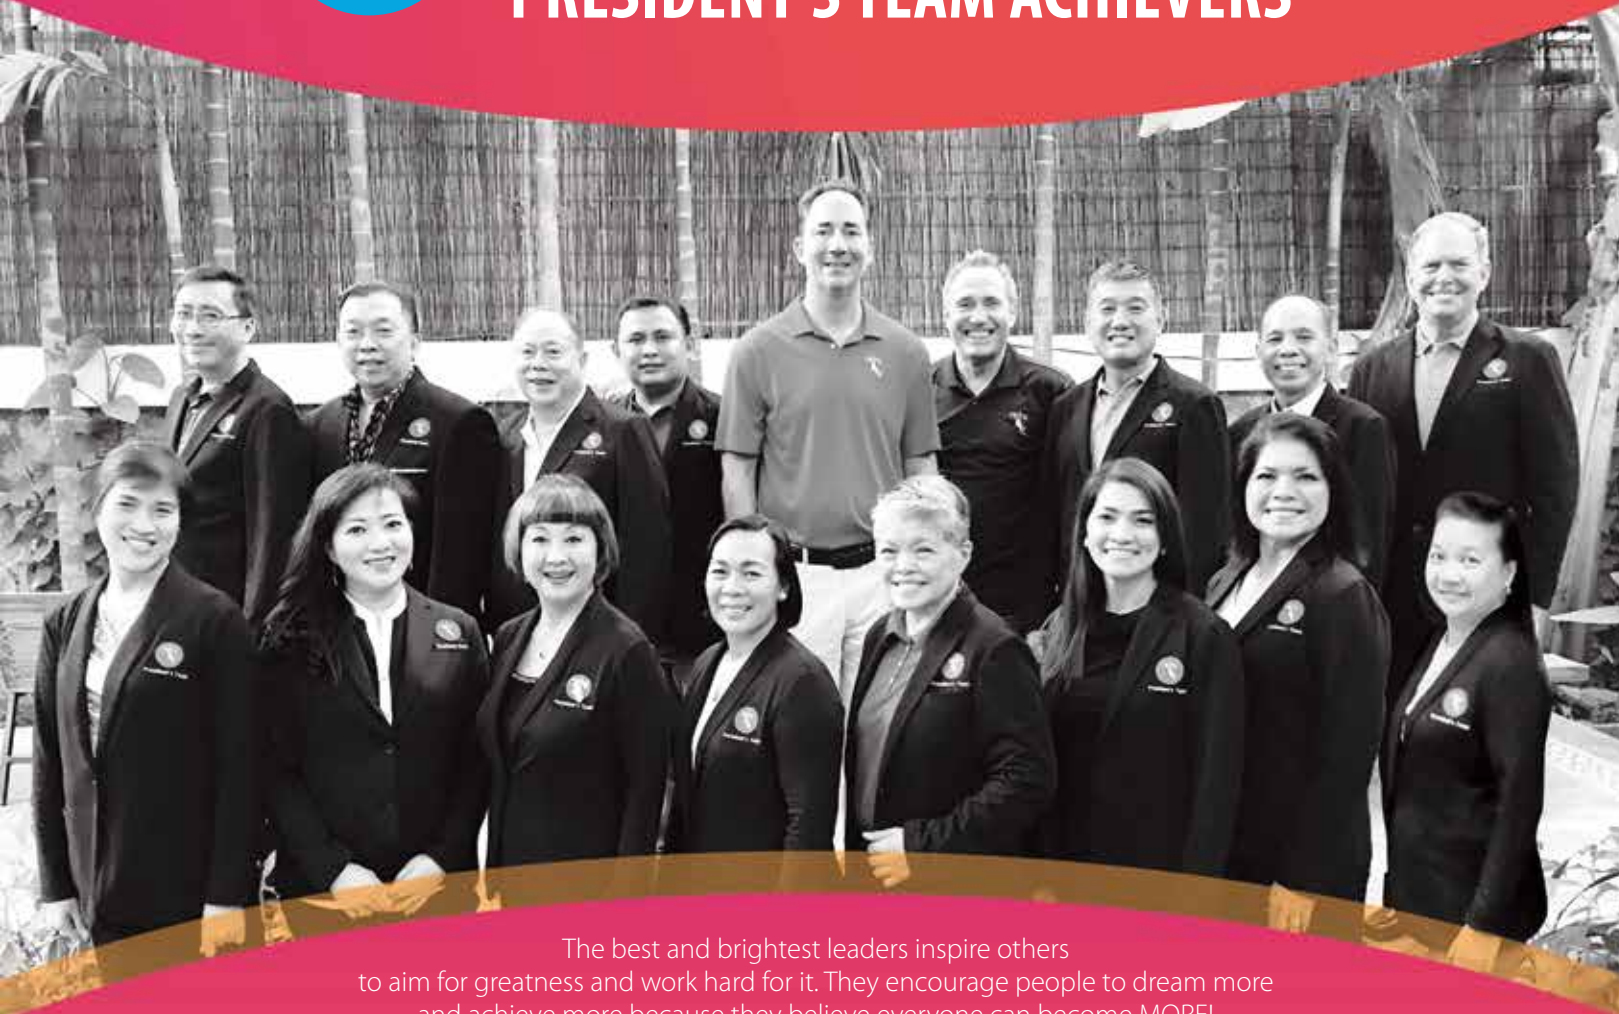

Occupation: Online English Teacher/
Real Estate Agent/Part-Time Reliv Distributor

My mom joined Reliv as a Distributor when I was in college way back in 2004. Her journey to Reliv success inspired me to start my part-time Reliv business in 2016. I share Reliv through Facebook marketing and taught my downline members and my mom to do the same. Reliv products really work. That's why it's easy for me to get repeat orders even from first-time customers. I made my first Facebook business page in February 2016. After just a little over a year, this page has generated 70 active members. Some of them are Preferred Customers who order products regularly for their own consumption, while others are Distributors who are actively doing the business online. This modest accomplishment has proved that with consistent efforts, you can earn a steady income from a part-time Reliv business.

I love doing the Reliv business because I can do it around my busy schedule and it gives me consistent extra income. Best of all, it makes me feel good because I know that I help improve someone's life with the fantastic Reliv products. I hope more people will discover Reliv and take advantage of the life-changing opportunities that it offers to everyone.

SHOWCASING OUTSTANDING BUSINESS LEADERSHIP 2017 RELIV ASIA PACIFIC PRESIDENT'S TEAM ACHIEVERS

The best and brightest leaders inspire others to aim for greatness and work hard for it. They encourage people to dream more and achieve more because they believe everyone can become MORE!

The Reliv Asia Pacific President's Team was founded two years ago on this same principle by no less than Reliv Asia Pacific President, Scott Montgomery. This annual search for extraordinary leadership team members seeks to develop more new Reliv business leaders by daring them to achieve higher sales volumes annually. President's Team achievers are recognized and rewarded with travel and leadership opportunities, customized jackets, personalized flyers, as well as other fantastic perks.

How to qualify for 2018 Reliv Asia Pacific President's Team

- Increase your annual commission over 10% in 2017 compared to 2016, with a minimum of US\$10,000 earned for the 12-month period (1 April 2017 until 31 March 2018)
 - Personally sponsor 10 new Distributors
 - Promote 6 new frontline Master Affiliates
 - Achieve 100% maintenance each month

For 2017, we have successfully gathered 6 new achievers and 3 renewed memberships for the well-esteemed Reliv Asia Pacific President's Team. Know more about our President Team Achievers this year and learn how you can earn your place on next year's prestigious leadership group!

MARIA VANOLPHEN

Bulacan, Philippines • Reliv Distributor since 2002

Favorite inspirational quote:

"It is not enough to conquer; one must learn to seduce." - Voltaire

Who inspires you as a leader?

I truly admire Reliv founders Robert and Sandy Montgomery. They are great visionaries. They believe in the mission and work of the late Dr. Ted Kalogris, the creator of the nutritional formula Reliv Classic, Reliv's pioneer product. They are great humanitarians, business-builders, and they also believe in the close family ties and the concept of family being together, healthy and financially strong. They do not lead by greed, but by the mission of Nourishing Our World one shake at a time.

Time-tested Reliv business strategy:

Supply the demand.

What did you do differently in your business to qualify for the President's Team?

"With Reliv products, we help change people's lives. I really followed the ICSAR steps and incorporated it with Facebook marketing. I get to target my audience, share videos, share stories and after they become customers and get results from the products, they then want to become Distributors to save money as they get a discount, or to do the business themselves. It works for me because I am showing others how to work the business and how to take the product.

What I did differently this year to achieve the President's Team is goal setting. I started sharing Reliv more and sponsoring right away when the qualifications came out. I didn't procrastinate even if I knew I had a lot of time to fulfill the requirements. I got to work right away and am teaching my down-lines to do the same. I am also setting my sights on higher rank advancements while having fun!"

Any message for those aiming to be part of the President's Team next year?

Decide on what you want, and believe you can achieve it!

"WITH RELIV
PRODUCTS,
WE HELP
CHANGE
PEOPLE'S LIVES."

Favorite inspirational quote:

"Without action, you aren't going anywhere."
- Mahatma Gandhi

Who inspires you as a leader?

Jack Ma, Founder and Executive Chairman of Alibaba. Why? As one of the richest men in China, he used his influence and assets to promote free trade and philanthropy. He also provides opportunities to small businesses and access to the global market.

Time-tested Reliv business strategy:

Expose people to Reliv and then, let the system take over. That's how we keep and grow our organization.

Why do you love Reliv?

Reliv products had helped me get results and I started this business to supplement my income. My checks became increasingly more than my income, so I decided to retire early and do this business full time. We have been in this business for 12 years now and have enjoyed the Reliv lifestyle by being able to travel to many destinations over the years. These have been the best days of our lives, shares Vigee.

A lot of Distributors might think that the qualifications for the President's Team are out of their reach. Could you explain why this is not the case and anyone can achieve it?

Promotions like the President's Team are achievable and even if they may look difficult on the surface, they can be achieved. Believing in yourself and putting in consistent effort are the two keys to achieving your goals.

Any message for those aiming to be part of the President's Team next year?

Keep going.
Each step may get harder, but don't stop.
The view is beautiful at the top.

"KEEP GOING.
EACH STEP MAY
GET HARDER,
BUT DON'T STOP.
THE VIEW IS
BEAUTIFUL
AT THE TOP!"

Initially we signed up as a Distributors in the US in 1993 and in December 2000 when Reliv opened officially in the Philippines, we transferred our distributorship to the Philippines.

Favorite inspirational quote:

"If you help enough people become successful, you don't have to worry about your own success."
- Robert Montgomery

Our Reliv business strategy:

SHARE Reliv health and financial blessings EVERY DAY with new people (for continuous growth) and FOLLOW UP for retention.

Our inspiration as business leaders:

Robert and Sandy Montgomery (one can't be without the other, Bob is the head and Sandy is the heart) and now Scott Montgomery espouses the values of his parents. They had the vision to set up Reliv as a networking company that can empower others to work from home (as early as 1988 when Facebook and Social Media were non-existent) and build a residual income that can be willed down to two generations!

Why do we love Reliv?

Rose and I got into this business and after seeing in the first 6 months our check exceeded my corporate salary, we got more and more into the business. With Reliv, you have unlimited earning potential and can set yourself up earning residual, retirement income for life, shares Albert.

On being President's Team members:

What excites us the most about being on this year's President's Team is knowing that nothing can stop us from achieving even more, even at our ages (72 and 70)! We plan to take this opportunity to be role models for our downline members and show them that by aiming high and setting goals, they can achieve their goals. This year we are also planning to incorporate social media into our business. It will allow us to further reach more people.

Message for those aiming to be part of the President's Team next year:

Set your goal, make a plan and work your plan every day!

"NOTHING
CAN STOP US
FROM
ACHIEVING
EVEN MORE,
EVEN AT
OUR AGES
(70 & 72)!"

Favorite inspirational quote:

If something is worth doing, it's worth doing well. We are what we repeatedly do. Excellence therefore is not an act, but a habit.

Our inspiration as leaders:

We consider Paul Meyer as the greatest business leader because he has direct impact on our success because of his powerful and doable training programs.

Our time-tested Reliv business strategy:

Doing a lot of one-on-one appointments.

Message for those aiming to be part of the President's Team next year:

When you are wanting to grow a business, it's important to be clear of your purpose and to have a vision.

Once you have your goals, you need to stay disciplined.

We are in this business to help other people and change lives and by doing just that, we made the President's Team.

Anyone can do this.

By doing the basics consistently and following up every day, anyone can get to where we are today.

"WHEN
YOU WANT
TO GROW
A BUSINESS,
IT'S IMPORTANT
TO BE CLEAR OF
YOUR PURPOSE
AND TO
HAVE A VISION.
STAY
DISCIPLINED."

Favorite inspirational quote:

"Follow your passion, be prepared to work hard and sacrifice, and above all, don't let anyone limit your dreams." - Donovan Bailey

The leader I look up to:

As an Independent Reliv Distributor and a great leader for the future, I look up to Jeff Bezos because he said "You earn reputation by trying to do hard things well. If you wish for success, you work hard for it and become a great model and leader to others."

My Reliv business strategy:

I've been doing my Reliv business by simply sharing my Reliv story through one on one presentations to a group of mothers, office employees and organizing regular home shake parties. For me it is the best strategy because it helped me make Reliv business simple and doable.

Why do I love Reliv?

I started taking Reliv six years ago and got great results from the products. Within six months of starting my Reliv business, I became a Master Affiliate, which opened the door to a larger source of income. Attending regular meeting and sharing Reliv products was key for me to grow my business and now I am able to travel both locally and internationally. Reliv is a blessing to me and my family.

"SHARING
MY RELIV
STORY
IS THE BEST
STRATEGY --
IT SIMPLIFIED
MY RELIV
BUSINESS
AND MADE IT
DOABLE."

Favorite inspirational quote:

"If you want to succeed you should strike out on new paths, rather than travel the worn paths of accepted success." ~John D. Rockefeller

Why do I love Reliv?

I have been using Reliv products for over four years and have been amazed at the active energy boost I get! I have been able to juggle a full-time managerial job, marketing gig, and a direct selling business without feeling extremely tired at the end of the day. I can even pay a visit to a gym or play basketball with my friends whenever I feel like doing it. Reliv nutrition simply helps me become healthier and reach greater goals every day!

My Reliv business strategy:

It has been easy for me to share Reliv because the products really work and the business is fantastic! All I had to do was to tell my friends about the positive results I got from taking the products, as well as the free trips that Reliv gave me in return for achieving business-building milestones.

Message for those aiming to be part of the President's Team next year:

I have been able to travel to different countries in the past but I prefer the international trips that I have experienced with my wonderful Reliv family. If I can accomplish all these wonderful things, you can do it as well. Just believe in yourself and get ready to work hard to achieve all your dreams, and that includes being a part of the Reliv's President's Team!

"RELIV
PRODUCTS
REALLY
WORK
AND THE
BUSINESS
IS FANTASTIC!"

Favorite inspirational quote:

"A dream without a plan is just a wish."
- Katherine Paterson

The leader who inspires us the most:

We have a high regard for well-known businessman and author Robert Kiyosaki. We met him when we were still in the US and we had an opportunity to learn from his inspiring story. We had a lot in common in terms of business failures and successes. He said that when you fail, you should be failing upward not downhill. It means that you have to learn from that experience. He also taught us how to acquire financial wisdom and leverage. And when we did, we started using it every day in our lives.

Our time-tested Reliv business strategy:

Help others get what they want and you get what you want. Listen to the people's needs and help them get what they want in life. Respect people's timing in getting started with the business. Give them time to decide and when they do, work with them.

What did we do differently to qualify for President's Team?

What we did differently this year was to work as a team and better leverage promoting Reliv products to more people. We used the traditional way of meeting with people throughout each month, yet by using social media we were able to reach more than 100,000 people in just one weekend. We set a goal to not only double our 2016 income but to increase it to 2.5 times of what we made last year. We surpassed our 2017 goal in just the first quarter. We started hiring new people as assistants to help us with Reliv and train them and now they are out becoming Master Affiliates themselves. By doing this, our business has exploded.

Message for those aiming to be part of the President's Team next year:

Aim for HIGHER GOALS because it challenges you to give your BEST in everything that you do. As you work towards achieving those goals and enjoying the journey, you are also helping a lot of people. The best part is you get fantastic rewards! You receive higher checks, cash bonuses and incentive trips. And yes, you also qualify for the prestigious President's Team! When that happens, we would more than happy and proud to welcome you on this well-esteemed leadership group. YOU CAN DO IT!

"AIM FOR
HIGHER GOALS
BECAUSE IT
CHALLENGES
YOU TO
GIVE YOUR
BEST
IN EVERYTHING
THAT YOU DO."

Favorite inspirational quote:

"Make a difference in our own little way each day."

Business leader who inspires us:

Bill Gates because of his philanthropic projects and his efforts to give back to the world through his countless foundations.

Our Reliv business strategy:

Make it a daily habit to share Reliv either through one-on-one presentations or through Facebook marketing.

Message for those aiming to be part of the President's Team next year:

Overcome the fear of sharing Reliv with strangers and always remind yourself about the principle that the "Law of the Seeds" teaches us, which is to keep trying until you succeed. Why? Because "not all seeds grow. In life, most seeds never grow. So if you really want to make something happen, you'd better try more than once."

We love Reliv because:

We were introduced to Reliv products and noticed the benefit our son received from Reliv nutrition. We saw firsthand how the products work and started sharing with other people who were also looking for health improvement. With social media, more and more people are coming to me, asking about the product.

"IF YOU WANT
TO MAKE
SOMETHING
HAPPEN,
YOU'D BETTER
TRY MORE
THAN ONCE."

Favorite inspirational quote:

"Success is the result of perfection, hard work, loyalty, learning from failure and persistence."
- Marvin Louis, Presidential Bronze Ambassador

Business leader who inspires us:

Jack Ma, the founder and executive chairman of Alibaba Group, is the greatest business leader for us and we look up to him. Why? Despite so many rejections, struggles and failures in life, his drive and passion to succeed prevailed. His 'never-say-die' attitude has inspired us to never quit our business, but rather continue working hard and pursue our dreams with Reliv!

Our Reliv business strategy:

We keep sharing Reliv's science-backed products every day because we know that more and more people are in need of nutritional products that work and more rewarding income opportunities. We believe that Reliv is the answer to their needs and that by introducing Reliv to them we are able to help them in so many ways.

We love sharing Reliv with others because...

We talk about humanity, helping people and that's we do in the Reliv business. My wife and I run this business because we want to help people. We know health is very expensive and we always explain to them that Reliv products are not expensive compared to if they don't take care of their health and need healthcare if they get sick.

Therefore we always share stories about Reliv everywhere we go and to everyone we meet. We talk about our own health stories and some others' testimonials who have benefited from consuming Reliv products.

Message for those aiming to be part of the President's Team next year:

What makes Reliv business extra special is that you can build it as you offer kindness to others and help people change their lives for the better. Start taking the lead in Reliv business building! Work harder on your goals and get to join the prestigious Reliv Asia Pacific President's Team next year. Together we can make Asia Pacific the largest Reliv market in the world!

"SUCCESS
IS THE RESULT
OF PERFECTION,
HARD WORK,
LOYALTY,
LEARNING
FROM
FAILURE
AND
PERSISTENCE."

"My favorite moment was reuniting with other Reliv Distributors and sharing fun times, which I have happily stored in my memory bank for me to remember later on."

Girlie Cabansag,
Kabankalan City

"My favorite moment was when we visited the majestic Angkor Wat. It was unforgettable for me because I had the chance to see the amazing details and intricate design of a 900-year-old temple."

Nenita Dayap,
Bacolod City

Siem Reap: A Leap into a World of Beauty

Qualifiers of this year's Win Your Way promotion enjoyed a fun-filled 3-day adventure in captivating Siem Reap, Cambodia last May. These hard-working Distributors experienced an empowering leadership training, as well as insightful city tour with other top business-builders and corporate executives from Reliv Asia Pacific. Each of them had their own favorite memories to share about the trip. Take a glimpse of their photos with the stunning Cambodia landscapes and make it your goal to qualify for the next awesome Reliv travel incentive!

"The old tree on top of the ruins impressed me so much! With this experience, I came to realize that even if you are on a weak ground, you could grow there steadfastly as long as you establish your roots or foundation deeply and firmly." **Mary Jane Garcia,** Quezon City

"What I cherish most about this trip is the great opportunity to catch up with old friends in Reliv. It is only during Reliv trips that I get to spend time and experience beautiful sightseeing tours with them. It was so amazing!"

Lynne Culph, Australia

KUDOS TO OUR NEWEST

Sandy Montgomery Award Recipients

and Dr. Ted Kalogris Plaque Achievers!

We are excited to share with you that we have two fantastic achievements from the Philippines. Join us in extending warmest cheers and congratulations to our new Sandy Montgomery Award recipients **Generose & Willy Uy** of Calbayog City, Samar and Dr. Ted Kalogris Plaque achievers **Kenneth & Russel Tapiz** of Davao City!

Generose & Willy are two of Reliv Philippines' most seasoned and passionate Distributors, who have successfully developed a solid network of business-builders with their unshakeable belief in our outstanding products and rewarding income opportunity. "We aspired and worked hard for this recognition because of our great reverence for Reliv's unforgettable First Lady, Sandy Montgomery," states Generose and Willy. "We believe that achieving this well-esteemed award not only honors her memory, but also inspires others to be agents of hope – hope for better health and finances with Reliv."

Dr. Ted Plaque achievers Kenneth and Russel, on the other hand, have been in Reliv for just a little over a year but have achieved remarkable growth in terms of sales volume and sponsoring. They have the opportunity to encourage more new people to join Reliv not just to launch a rewarding business, but more important, to provide life-changing health and wealth opportunities for others.

The first and second quarters of the year 2017 have ended on an overwhelmingly positive note thanks to the efforts of our hard-working Reliv leaders, including these two admirable Distributorships. We encourage you to follow their lead in passionately sharing Reliv with others. More than just earning big checks, the joy of doing the Reliv business is in providing better opportunities, giving hope and changing lives!

Generose & Willy Uy
