

THE RELIV KALOGRIS FOUNDATION

PROGRAMS

The RKF distributes nutritional supplements to individuals, families and organizations in the countries listed above.

The biggest programs reside in **The Philippines, Haiti, Malaysia** and **Southeast Asia** where thousands are served each day through hundreds of sites with dedicated volunteers. Each of these countries is overseen by an area coordinator who lives there and identifies the need.

In the **US, Canada** and **Europe** the Foundation looks to Reliv Distributors to identify individuals who are Reliv consumers and dealing with hardships, whether it be health or financial related.
